## Notification

### Mobile Application Development Workshop

The Mobile Application Development Workshop is designed to equip participants with the essential skills and knowledge needed to create functional mobile applications. This workshop will guide participants through the entire app development process, from conceptualization to deployment.

#### Objectives of workshop:

- **Skill Acquisition:** Equip participants with practical skills in mobile app development.
- **Conceptual Understanding:** Provide insights into the mobile app development lifecycle.
- **Understanding Fundamentals:** To cover the basic concepts of mobile app development, including design, user experience (UX), and backend integration.
- **Project-Based Learning:** To enable participants to create a functional mobile app by the end of the workshop.

**Target Audience:** B.C.A Final Year

#### Event Details:

Date: 19<sup>th</sup> October 2024

Venue: TH 1

Time: 11:00 am onwards
